Summary

□ Computer Science Student | Frontend Developer (React.js)

Computer Science student specializing in React.js. I have solidified my technical expertise through intensive programs at DEPI, ITI, NTI, and GDSC.

Beyond frontend, I have a strong academic foundation in Software Engineering, Data Structures, Databases, and Operating Systems. My technical toolkit also includes C++, JavaScript, and Compiler, Analysis and design, which allows me to write clean, optimized, and scalable code. Always eager to turn complex designs and logic into seamless digital experiences.

Professional Experience

- **Full Stack Web Development Trainee | NTI & ITIDA** July 20, 2025 – August 14, 2025

- Specialized in Full Stack Web Development using PHP.
- Achieved a distinction score of 91%

- **Digital Egypt Builders Initiative (DEPI) | Full Stack Web Development Trainee**

- Currently undergoing intensive professional training in Full Stack Web Development, specializing in React.js for frontend and modern backend technologies.
- Building scalable web applications with a focus on component-based architecture and efficient state management.

- **Web Development Fundamentals Camp | SAIT**

Duration: 72 Hours

Final Grade: A-

Core Courses: HTML, CSS, and JavaScript

- **Web Development Trainee (HTML & CSS) | GDG on Campus**

- **Organization: Google Developers Groups (GDG) on Campus – Al-Azhar University**
 - In-depth study of HTML, HTML5, CSS, and CSS3.
 - Successfully completed 2 final projects showcasing front-end implementation skills

Working Experience

□ Frontend Development Instructor | DSC El Shorouq Academy 2025

- Delivering comprehensive Frontend Development sessions to students, focusing on modern web standards.
- Curriculum: Teaching core technologies including HTML5, CSS3, JavaScript (ES6+), and Bootstrap.
- Mentorship: Guiding students through hands-on projects and debugging sessions to bridge the gap between theory and practice.
- Impact: Empowering students to build their own web portfolios and fostering a collaborative learning environment.

Education

- **Bachelor of Computer Science | El Shorouq Academy**
2023 – 2027 (Expected) | GPA: 3.03 / 4.0 (Very Good High).

Languages

- Arabic – Native Language
- English – (Reading & Writing) Excellent | (Listening & Speaking) Very Good

Skills

- HTML, CSS, JavaScript
- C++, C#, Python
- Git, GitHub
- SQL (Queries, Joins, Data Manipulation)
- Visual Studio, VS Code
- Microsoft Office (Word, Excel, PowerPoint)
- Canva
- Leadership
- Teamwork
- Decision Making
- Strategic Planning
- Communication Skills
- Customer Relationship Management
- Problem Solving
- Time Management
- Adaptability
- Attention to Detail
- Negotiation Skills
- Analytical Thinking
- Work Under Pressure
- Presentation Skills
